WHY WEAR OUR LED READING GLASSES ? 2 pairs in 1 !

Thanks to their chic, fashionable design, you can wear your LED reading glasses during the day, as conventional magnifiers, and also at night !

- Seeing close up is made easier, so your eyes can rest!
- Non-prescription reading glasses
- The materials used in manufacturing the frames are of the highest quality standards and are hypoallergenic.
- CE, FDA and ROHS certified
- Comfortable, durable and lightweight
- Wear them for all your activities:
 - Read without waking up your partner
 - Read on the plane or train
 - At work
 - Read restaurant menus
 - DIY, plumbing, electrical repairs...
 - Open locks at night
 - Sewing....

Our LED reading glasses have 2 independent On/Off switches
No tools needed. The batteries are easy to replace, in one small step!
